

دومین کنگره بین المللی سلول های بنیادی و پزشکی بازساختی

Second International Stem Cells & Regenerative Medicine Congress

اولین مسابقه بین المللی دانشجویی طراحی نقشه مفومی در زمینه سلول های بنیادی

The 1st international student **Concept-map** Design
Contest on Stem Cells

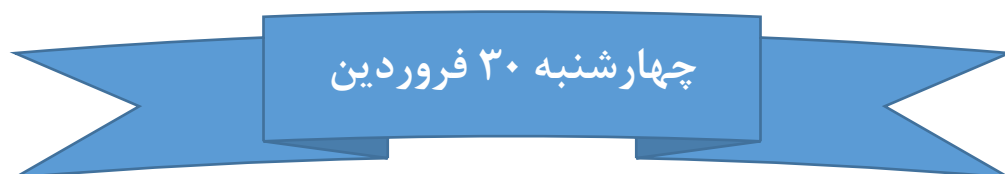

Concept Map Contest

اسامی پذیرفته شدگان (نهایی)

List of Accepted Concept Maps

توجه: ارائه نقشه های مفهومی به صورت پوستر و در دو روز چهارشنبه ۳۰ فروردین و پنج شنبه ۳۱ فروردین انجام می شود. در روز های ذکر شده زمان تحویل و نصب پوستر از ساعت ۲ تا ۲:۴۵ بعد از ظهر و زمان ارائه پوستر از ساعت ۲:۴۵ بعد از ظهر تا ۶:۳۰ عصر است.

Concept-map Code	Designer	Title
1004	Haniye Elahifard	With stem cells, Without asthma!
1008	Amir Abderam	Using iPSC as a treatment of dry AMD
1011	Tina Erfani	Stem Cells & Aging
1012	Hourieh Tousian Shandiz	Stem cells and cardiovascular aging
1013	Danial Babaki	Whole tooth regeneration as a future dental treatment
1019	Zohre Ebrahimi	Stem cell therapy
1020	Sepideh Sayadi	Are bone marrow mononuclear cells effective in cerebrovascular accident?
1024	Simin Seyedpour	Breast cancer stem cell role in inducing treatment resistant breast tumors
1026	Tahereh Jalilvand	Loading of Methotrexate into mesenchymal stem cells-derived exosomes for prevention of arthritis
1029	Reza Moghdasali	Disrupted pathways in Polycystic kidney disease(PKD) and point of potential therapeutic intervention with specific agents
1030	Hannaneh Parvaresh	ipSCs

1031	Sevda Sadeghpour	Therapeutic stem and progenitor cell transplantation: A method of treatment for heart infarction
1033	Ali Mirabi	Glabridin inhibits hepatocellular cell carcinoma
1034	Ali Mirabi	Human embryonic stem cells(hESCs)
1036	Alireza Khazaeli	Treatment of Alzheimer's disease via stem cell therapy
1045	Matineh Sabbaghi	Stem cells therapy in hepatic disease
1046	Mohammad Jalili Nik	Breast cancer stem cells(BCSCs) and heat shock protein27 (HSP27): an obstacle to breast cancer therapy
1048	Mohammad Mirzaei	Stem cell future: Hopes and Fears
1049	Mohammadreza Hadipanah	Combination treatment with mesenchymal stem cell and curcumin in psoriatic arthritis
1050	Morteza Heydari	Stem cells in treatment of shoulder impairments and rotator cuff muscles degeneration
1053	Mahtab Yousefi	Stem cells in treatment of osteoradionecrosis
1054	Mahdi Abdollahi	Melanoma and therapeutic use of stem cell
1056	Faezeh Maleki	Stem cell and Aging
1058	Neda Karami	GPCRs as novel therapeutic targets in demyelinating diseases
1066	Faezeh Akbari	Stem cells and Future: Complications
1067	Farkhonde Nikkhah	Parkinson
1078	Mohammad Ebrahimian	Intracoronary bone marrow stem cell therapy and other clinical therapies on the treatment of acute myocardial infarction

پنج شنبه ۳۱ فروردین

Concept-map Code	Designer	Title
2007	Omid Kooshkaki	Regulation of normal and leukemic stem cells through cytokine signaling and the microenvironment
2009	Parsa Irajian	most important ethical pros and cons of Stem Cell Derived gametes (SCD-gametes)
2010	Ali Mosavi	Stem cell tracking using iron oxide nanoparticles
2014	Dorsa Morshedi Rad	Gastric Cancer Targeted Therapy
2016	Zahra Daneshgar	Pros and cons of stem cell study
2018	Zahra Moradi	Dental/Oral Stem Cells: A new cellular resource for corneal reconstruction
2022	Siavash Rahimi	In situ reprogramming of skin stem cells: Melanocytogenesis
2027	Erfan Shamsaddin	Oral flora, new assistant for bio-engineered tooth regeneration
2028	Ali Saadat Rashti	Allogenic induced pluripotent stem cell in Multiple sclerosis: Can dendritic cells help?
2032	Siavash Kafian Atary	Using natural scaffolds carriers for Stem cell Delivery
2037	Amin Tavassoli	Avian Newcastle disease vaccine produced in chicken stem cells chicken stem cells (CSCs) on an industrial scale
2039	Fatemeh Moradi	Crocus Sativus as a choice for treating injuries
2040	Farzaneh Fanoodi	Is MS Curable?; iPSC Technology Will be able to Treat MS?!
2041	Farzin Naseri	Influencing factors on our support for stem cells
2047	Mohammad Mostafa Khastar	Cancer Stem Cells, The Tumor Initiating Cells

2051	Seyede Motahareh Mirdoosti	Loosing the betrayer BMI-1
2059	Nahla Sadat Hashemi	The function of immune system against HIV virus
2060	Nooshin Bazzazan	Cell therapy for Alzheimer's disease
2064	Fatemeh Dorosti	Clinical application of cell therapies in retinal degenerative disease(RDDs)
2071	Mohammad Hassan Karamian	Menstrual stem cells: New hope in stem cell therapy & regenerative medicine
2074	Narges Varmazyar	What are negative aspects of treatment with stem cells?
2080	Mahdis Zare	Seaweed helps transporting stem cells
2083	Atieh Mohammadian	Hemoglobinopathies: A brief study and related ideas
2084	Mohammad Javad Imen	Autologous hematopoietic stem cell transplantation in the treatment of multiple sclerosis
2085	Sana Khorramrudi	Eradicating of HIV infection by transplantation of CCR5 knock out ipSC
